

2024 Neillsville Area Chamber of Commerce Autumn Harvest QR Code Pumpkin Search

We encourage all community members to participate in this fun event!

How to Play: Each participating business (listed below) will have a pumpkin visible to the public. On the pumpkin it will have a QR Code to scan. (Pull up your camera app on phone and follow the link it provides) This will take you to a Google Form the Chamber has set up for this event. It will ask for your name, phone number, and the phrase. Each location has a different Autumn theme phrase on its pumpkin. Participants are allowed to submit one entry per person per location. The more you search for the better your odds for winning. Good luck!

Look for the orange pumpkins at these local businesses!
